# The Charlotte's Web Back-to-School Kit

## Iron-On Instructions

## Materials:

1 letter size (8.5" x 11") sheets of iron-on transfer paper
Scissors
Iron

## Instructions:

1. Purchase iron-on transfer paper at an office supply or art supply store, such as the following:
   **Staples** (click for more info), **Office Max** (click for more info), or **Office Depot** (click for more info)
2. Choose or buy the t-shirt on which you're going to put the iron-on design.

3. Print out the iron-on of your choice onto this special paper.
   (Hint: Don't worry, it's supposed to be backwards!)

4. Cut a large circle around the design on the paper so it's smaller and easier to work with.

5. Place the iron-on paper face down on your blank t-shirt, so that the design is facing down onto the shirt.

6. Iron and allow to cool according to the directions that came with the special paper.

7. Enjoy your custom Charlotte's Web t-shirt!
